Summer Reading Projects

Complete one projects below after reading book from the list

Story Bag – Take a paper bag and decorate it like your favorite scene from your summer reading book of choice. The book title should be displayed on the bag. Inside the bag, include 6 items that represent something from the book. The items inside the bag should include a label and one complete sentence explaining how the object relates to the story. A Book Description page also needs to be completed. The Book Description Page should be completed on Google Docs. The page is editable on Google Classroom.

Character Scrapbook – Think about the kind of memories you would put into a scrapbook if you were to make one about you. Create a character scrapbook for the main character in your summer reading book of choice. The character scrapbook should have at least 5 memories or entries. The memory or entry should include illustrations or pictures from magazines that would help display memories of the main character. On the same page as the memory, write a description that has one or more complete sentences explaining how this entry relates to the story.

The character scrapbook needs to have a decorative cover. This CANNOT be the same book cover as the book. The book cover should display the theme of the novel. The BOOK DESCRIPTION page does NOT need to be in the scrapbook. This page is NOT included in the 5 entries.

Diorama – Construct a diorama (three dimensional scene which includes models of characters, buildings, etc) of one of your favorite scenes from the book. Diorama needs to display the book title. Be prepared to explain the scene and your diorama to the class. You will need to include a paragraph explaining your favorite scene. This paragraph needs to include a topic sentence, two or three details about the scene and a concluding sentence.

The rubrics for all three activities are displayed below. When you decide which project you are doing, you will need to follow the rubric associated with that project.
